PRINCIPAL'S NEWS

Dear Parents, Caregivers and Students,

It's hard to believe we're already in Week 4 of Term 4—it feels like the term has only just begun!

We've got an action-packed final term ahead, featuring a fantastic lineup of events including an Olympian Visit, Summer Carnival, Kindy Café, School Disco, Christmas Concert, Year 6 Big Day Out, Graduation and Awards Ceremony, and a fun-filled Rewards Day to wrap up the year.

Our dedicated staff are currently focused on final assessments, which will be followed by report writing. Semester Reports will be emailed to parents and carers during the last week of term, along with each child's Student Progress Report.

Kindy Carnival

On Monday, 22 October, our Kindy students enjoyed their much-anticipated carnival—and what a great day it was! Dressed proudly in their faction colours, the children took part in a variety of fun activities including egg and spoon races, sack races, and more. Picture an oval full of enthusiastic four-year-olds laughing and racing—adorable!

Kindy Fun

The Kindy Team has become renowned for their imaginative and engaging play corners—who could forget the airport setup? This time, they've outdone themselves with a **Bunnings-inspired play corner**, designed to spark creativity and hands-on learning.

These themed play zones encourage students to engage in imaginative play while linking directly to curriculum outcomes. From teamwork and communication to problem-solving and role play, the learning is rich and meaningful.

The Mundi Kindy is truly a fun and inspiring place to be!

Volunteer Morning Tea

We're inviting all our wonderful volunteers to join us for our annual **Volunteer Thank You Morning Tea** on **Friday, 5 December**.

If you've supported our school in any way this year—whether through the P&C, School Board, helping at carnivals, assisting in the library, covering books, changing home readers, listening to students read in the mornings, or contributing in other ways—we'd love to celebrate and thank you.

Details:

 **Date:** Friday, 5 December

 **Time:** 10:00am

 **Location:** Staff Room

We truly appreciate everything you do to support our school community. We hope to see you there!

National School Opinion Survey

We're currently seeking feedback from our school community on key aspects of our operations, culture, and learning environment. So far, around 20 families have responded—we're hoping to reach close to 100!

The survey takes less than five minutes to complete, and your input is incredibly valuable in helping us continue to grow and improve.

The survey window closes at **5:00pm this Friday**, so if you haven't had a chance yet, we'd love to hear from you!

PBS

This week our focus is:

'We make positive friendship choices'

Our staff are working with students to help them understand the attributes of positive friendships and how to build respectful, caring relationships with their peers.

Mr Luke Bradley
Principal

BENEFITS OF READING FOR CHILDREN

(in each newsletter we will give you tips to help you)

Continued...

5. Expands vocabulary

Just 20 minutes of reading time a day will expose your child to more than 1.8 million words a year. That means an expanded vocabulary for your child and more ways for them to express themselves.

6. Boosts critical thinking

Comprehension skills and analytical thinking are built when we read more. Practice makes perfect, so get your child reading more and their skills in analytical thinking and comprehension can increase. Also, we are taught to not believe everything we read and the only way to better understand this is to read a variety of things!

7. Helps build positive self-image

Reading reveals different people of different shapes, sizes and colours and this too is important for children. Sometimes we don't always see relatable images in mass media, reading is a place where we see that there are different types of people in the world, ones that we can relate to.

HELPING YOUR CHILD LEARN TO READ

Being a parent means you're your child's first teacher - it also means you can help your child learn to read!

Learning to read is closely linked with language growth and the best way to develop your child's language and reading abilities is to develop an interest and a positive attitude to reading in a relaxed home environment.

It is important not place any demands on a child to develop any specific reading skills prior to entering school, first we are most concerned with developing a positive attitude and love of reading. **As a parent you can make reading fun!**

The 'read-to' and 'read-with' child has a better chance of being a good reader. He or she usually develops a positive attitude to reading, gains essential concepts about print, and has a large vocabulary and a sense of language use and structure. These are important elements for school to build upon. Where they are lacking the school must first establish them before they can teach a child to read.

Learning to read isn't easy, but it can be fun! The only shortcuts to successful reading are plenty of enjoyable experiences with reading and patience.

Parents can develop children's confidence in their own abilities by providing genuine praise for achievement, supporting their child in changing situations and offering understanding in difficult ones.

VOLUNTARY CONTRIBUTIONS

Each year our school, like other public schools across the state, asks that families contribute to the provision of educational activities and the purchase of resources to aid each child's learning. This year the amount is \$60.00 per student.

It would be appreciated if the voluntary contributions be paid by cash or a direct deposit into:

Account Name: Mundijong Primary School

Account Number: 06-6040 19900137

Please enter Student / Family name as a reference.
